SUMMARY

M.Sc. Computer Science student with hands-on project experience in Python, web development, NoSQL and relational databases, and hardware robotics with Raspberry Pi. Enjoys building practical solutions end to end, from software design to working prototypes, and contributes to technical event coordination and promotional design. Active trader in the Indian and forex markets with 5 years of market experience.

EDUCATION

M.Sc. (Computer Science) — Semester I (Pursuing)
MIT Arts, Commerce & Science College, Maharashtra, India
Key Coursework: Research Methodology, Web Technologies (HTML5), NoSQL Databases, Discrete Mathematics & Logic, Python Programming.

TECHNICAL PROJECTS

Object Following Robot — Raspberry Pi 4B, Python, OpenCV
- Built an autonomous robot that detects and tracks objects in real time using computer vision.
- Implemented custom motor control logic so the robot follows the detected object.
- Documented the work in a formal project report.

Online Examination & Proctoring System — PHP, MySQL
- Developed a secure web-based assessment portal with exam validation, timer controls, and result tracking.
- Designed the database for questions, users, and results.

AI Chatbot — Python, NLP
- Created a conversational bot that uses Natural Language Processing to understand queries and run automated, context-aware workflows.

Personal Portfolio Website — HTML5, CSS3, JavaScript
- Designed and built a cinematic, Netflix-themed developer portfolio using semantic HTML5, modern CSS3, and vanilla JavaScript.
- Responsive layout that works across desktop and mobile screens.

EXPERIENCE & ACTIVITIES

Trader — Indian Stock Market & Forex Market
- 5 years of experience trading in the Indian and forex markets.

Event Coordinator & Promotional Designer — TechnoAct (College Tech Event)
- Designed the promotional poster for the event.
- Coordinated communication with participants through event notices and the event WhatsApp group.

CERTIFICATIONS & PUBLICATIONS

Research Paper — Smart Agriculture Robot for Crop Monitoring Using IoT Sensing, Autonomous Navigation and Edge AI
- Published in the International Journal of Innovative Research in Technology (IJIRT), ISSN 2349-6002, Volume 13, Issue 5, October 2026 (Registration ID 209192).
- ijirt.org/article?manuscript=209192

Generative AI Mastermind — Certificate of Completion
- Outskill × Moneycontrol.

SKILLS

Languages: Python, JavaScript, PHP, HTML5, CSS3
Databases: MySQL, MongoDB, NoSQL
Hardware & Tools: Raspberry Pi, OpenCV, Git & GitHub
Areas: AI & NLP, Generative AI, IoT & Edge AI, Responsive Web Design, Poster & Promotional Design, Trading (Indian & Forex Markets)
